GEN. SHERIDAN'S RETURN.

A New Guard Detailed for General Grant's Tomb.

GENERAL AND PERSONAL.

Troops For Utah--It is stated that orders have been received at army headquarters in San Francisco to hold the troops in readiness in case of Mormon troubles in Utah.

Mr. Gassaway Reappointed--Henry H. Gassaway, who was dismissed from his position as assistant chief of the Mercantile Marine division in the Treasury because of his being assistant treasurer at New York. He would not take the office, he says, notwithstanding the fact that it paid \$1,000 per annum more than his present position.

General Sheridan's Return--Lieutenant-General Sheridan returned to the city last night from his trip to Arizona and was on duty at his office to-day. He was accompanied by General Abner Dyer, and Colonel M. V. Sheridan, military secretary.

Quiet at Salt Lake--The Mayor of Salt Lake has telegraphed to Mr. Caine, the Territorial Delegate, requesting him to inform the President immediately that there is no foundation in fact for the rumor that an uprising of Mormons is feared, and that the sending of troops to Utah Territory to protect the Mormons is entirely unfounded.

The Apprentice Squadron--The Jamestown, Portsmouth and Saratoga, composing the apprentice training squadron, dropped down from the Norfolk Navy-Yard this morning to Craney Island to take part in the maneuvers of the fleet.

General Grant's Tomb--Captain Julian V. Wells, Fifth Artillery, under orders from Major-General Hancock, proceeded yesterday with his battery (M) from Fort Hamilton, New York harbor, to Riverside Park, New York city, and returned Major David H. Kinzie, who has returned with battery E of the same regiment to his quarters at Fort Mifflin at the entrance to Long Island Sound.

The Unhealthy Treasury--Superintendent Architect Bell, in his annual report, urges the absolute necessity for liberal appropriations for the Treasury building to improve its sanitary condition. Repairs and changes are necessary and a comprehensive system of ventilation must be introduced. Additional safe-guarding in case of fire are also necessary.

The Force at the Navy-Yard--A committee of workmen from the Navy-Yard called upon the President yesterday and requested that the proposed discharge of two hundred of the employees be not carried into effect. The President promised to take into consideration the attention of the Secretary of the Navy to the matter. The Secretary said that the force at the Navy-Yard was not too large, and that the discharge of two hundred would be a serious blow to the workmen.

The Assistant Treasury--Says the Tribune's Washington correspondent: "Assistant Treasury Action's term expires on January 1, and already there are a number of names being urged for the place. J. Edgar Simon, who served for the last year, is mentioned as Mr. Tilden's man. Whoever is appointed will have to be content with the question of the second Comptroller.

Minor and Personal. Thomas P. Vandergriest was to-day appointed postmaster at Chesapeake City, Cecil County, Md.

Mr. J. H. Thompson, superintendent of the Railway Mail Service, is in New York to-day on official business.

Miss Bell, holding a \$1,000 clerkship in the General Land Office, division U, has tendered her resignation.

Flight of Judge Dawne. Power, Ore., Dec. 9.--Dispatches from Sika say that United States Judge Dawne has fled the Territory. The reason of his departure is found in the statement of Mr. Shirley of Salem, Oregon, that he is out \$8,000 from placing too much confidence in Dawne. Judge Dawne, who had been appointed to this position by the name of A. Roberts of this city, was forced, and that he was probably seriously injured. The town is left in total darkness. The accounts of the accident at hand are very meagre, but it is thought that there were no fatal injuries.

Explosion in a Gas Works. KANSAS CITY, Mo., Dec. 9.--An explosion occurred at the gas works situated near the Grand Avenue Depot, at 10 o'clock this morning, today, which resulted in the death of four men and the injury of several others. There were fourteen or fifteen employees in or about the building at the time, but they have been rescued. The explosion was probably seriously injured. The town is left in total darkness. The accounts of the accident at hand are very meagre, but it is thought that there were no fatal injuries.

Removing the Boomer. WINFIELD, Kan., Dec. 9.--The Oklahoma Boomer is being removed by the United States troops from Oklahoma on the double-track. The last of them will reach Arkansas City and Caldwell this week. The approach of winter thus turned from the promised land many of them without a dollar to support their families.

Mr. Tilden's Death Reported. New York, Dec. 9.--A rumor this morning to the effect that S. J. Tilden was dead was denied by Mr. Tilden's private secretary, who said that the veteran statesman is in good health.

DIPLOMATIC PRIVILEGE.

The Law Under Which Foreign Officials are Exempted From Arrest.

The recent exploits of Senator Del Campo of the Illinois Legislature, attracted attention to the law under which the representatives of foreign countries are exempted from accountability under the laws.

Section 604 of the Revised Statutes provides that any person by which a foreign minister or attaché is arrested or imprisoned or his goods seized is void. Section 604 provides that every person connected with the issue or service of such process is a violator of the laws of nations and subject to imprisonment for not more than three years and fine at the discretion of the court.

Other sections provide that the State Department shall keep the judicial branch of the Government informed as to the names of persons entitled to such exemption and to carry out the provisions of the sections bearing on this subject.

Under this law the State Department has occasionally interfered to stop civil proceedings against diplomats. The department, however, has never championed the cause of such of them as were guilty of breaches of the law. In the event, therefore, that the civil authorities respect such offenders and release them immediately upon proof of identity, the State Department will not interfere and only after the lapse of official appeals, properly informed and submitted.

In the Del Campo case the State Department was not in a position to apply its law in its behalf on any newspaper statements and will not take any official action by way of protest against his actions until they have been brought before the department by the District authorities. It is, however, understood that private advice was given by the State Department to the Chicago authorities concerning Del Campo's escape at the National Theatre some weeks ago, which was being held in the name of a diplomatic representative upon complaint and proof of ungentlemanly and outrageous conduct on his part.

Assistant Secretary Porter said to-day that this Government follows the custom of Europe in applying to its diplomats the law of a diplomatic representative upon complaint and proof of ungentlemanly and outrageous conduct on his part.

What is Thought of Mr. Cleveland's First State Paper. The drift of criticism on the President's message is decidedly favorable. The regret at its great length is offset by the general view that it contains an immense fund of information and is well written, conservative and sound. Senator Sherman commends the message as a thoughtful and judicious statement of the President's views on the various questions of domestic and foreign policy.

Senator Logan says: "I will express my views of the message on the floor of the House. Congressmen Morrison says the message is good as far as it goes, but not calculated to affect tariff legislation either way.

Congressman Warner says the President's fears as to the effects of continued silver coinage have but poor foundation. The President's message is well written, conservative and sound. PARALYSIS OF THE BRAIN.

The Wealth of the Deceased Estimated at Two Hundred Millions.

A SKETCH OF HIS CAREER.

Effect of the Startling Intelligence Upon the New York Stock Market.

William H. Vanderbilt was stricken with apoplexy a few minutes after 3 o'clock yesterday afternoon and died almost instantly. He was in the library of his residence, on Fifth avenue, New York, at the time, and was sitting in his easy chair, reading the Baltimore & Ohio Railroad, and up to the very moment of the attack was apparently in his usual health and spirits. Not a hint or a moment's warning did he give of his condition. He was stricken down as suddenly as though his brain had been pierced by a rifle bullet.

The following Representatives have been chosen as the Republican Caucus Committee of the House: Ryan, of Kansas; Hepburn, of Iowa; McKinley, of Ohio; Burrows, of Michigan; Bingham, of Pennsylvania; Haddock, of New York; Dudley, of Maryland; Rice, of Massachusetts; Goff, of West Virginia; and Joseph McKenna, of California.

The House Caucus Committee, which have provided so much discussion in the past, have been fully revived by the two bills introduced in the Senate to-day.
